## PROFESSIONAL EXPERIENCE

### DCOC

Mar 2023 – Aug 2026  
(3 Years, 5 Months)

#### Project Supervisor | Team Leader | Marketing & Operations Specialist

Promoted from Virtual Assistant to Team Leader to Project Supervisor

- Led and supervised a team of Virtual Assistants, overseeing daily operations, task delegation, performance management, and development.
- Planned, assigned, and monitored tasks to ensure projects were completed on time and met high-quality standards.
- Managed CRM operations using HubSpot, including workflow automation, email marketing campaigns, customer lifecycle management, and reporting.
- Spearheaded lead generation, outreach campaigns, and targeted advertising initiatives that drove high-quality leads and increased conversions.
- Oversaw social media management, content creation, digital marketing strategies, and community engagement across multiple platforms.
- Managed WordPress websites, including updates, optimization, content management, and plugin integrations.
- Developed and implemented SOPs, process documentation, and workflow improvements to enhance operational efficiency and consistency.
- Collaborated with clients and internal stakeholders to align strategies, manage expectations, and deliver outstanding results.
- Mentored and trained team members, improving skills, productivity, and overall team performance.
- Monitored project progress, resolved operational issues, and provided solutions to ensure smooth project delivery.

### Freelance / Private Client

Dec 2020 – Dec 2021  
(1 Year –)

#### Virtual Assistant / Administrative & CRM Support Specialist

- Supported clients with lead generation, CRM management, and administrative tasks.
- Created design materials and documents including brochures, guides, and presentations.
- Managed data entry, purchase orders, receipts, billing, and database organization.
- Provided executive support while maintaining professional client communication and administrative coordination.

### FPOSI / BPO Company

Feb 2017 – Mar 2018  
(1 Year – Month)

#### Data Quality Analyst / Billing Data Specialist

- Performed data editing, validation, and encoding of billing and transactional data.
- Checked invoices, QR codes, payment methods, and other details for accuracy and completeness.
- Reviewed and corrected billing discrepancies to ensure accurate and timely processing.
- Collaborated with internal teams to resolve data issues and improve documentation.
- Maintained data security and confidentiality at all times.

### JTI (Private Agency)

Jan 2016 – Jan 2017  
(1 Year – Contract)

#### Promotions Operations & Data Specialist

- Processed and maintained accurate field reports, product allocations, and customer data.
- Conducted market research and data scraping to support promotional strategies.
- Supervised inventory, created product tallies, and ensured accurate tracking of distributed items.
- Trained and guided promotional personnel on proper customer approach and reporting.
- Verified data accuracy, resolved inconsistencies, and generated performance reports.
